STV is a 100+ year-old, award-winning firm offering full-service, multidiscipline engineering, architectural, planning, environmental, program management and construction management services. Founded in 1912, firm has over 40 offices throughout the U.S. and in Canada. The firm's extensive experience includes transportation and infrastructure, educational, institutional, and industrial facilities.

For more than 60 years, we have served the Department of Defense and other federal agencies in support of their missions. Further, STV is among the premier design-build consultants in the country, having worked on some of the nation's largest projects built using this delivery method.
