FOR IMMEDIATE RELEASE

GUS MAIMIS PROMOTED TO VICE PRESIDENT AT STV

NEW YORK, February 5, 2010 – Gus Maimis has been promoted to vice president in the Construction Management Division at STV, where he will continue in his role as the firm’s project executive for the National September 11 Memorial and Museum in downtown Manhattan.

Maimis has more than 25 years experience in the New York market, specifically with healthcare, research and development, commercial and transportation projects, as well as mixed-use facilities.

As project executive for the National September 11 Memorial and Museum, Maimis is responsible for the oversight and management of all construction activities for this prestigious project including the preconstruction phase, bid and procurement process, scheduling and project finance.

Prior to joining STV in 2008, Maimis was the principal of his own construction management firm, where he spent 10 years providing executive direction for large-scale construction projects in the New York City metropolitan area. His clients included the Dormitory Authority of the State of New York, the Port Authority of New York and New Jersey, Mount Sinai Medical Center, New York University, Tishman Speyer Properties and Columbia University.

Maimis earned his Bachelor of Science in civil engineering from Polytechnic University. He is a lecturer with New York University Real Estate & Construction Institute, a member of the board of directors for the Greater New York Construction Users Council, a member of the New York Building Congress Transportation and Public Sector committees, and is on the Polytechnic University Department of Civil Engineering Industry Advisory Board. He also is on the board of directors for the Marty Lyons Foundation.

With more than 1,700 employees in 34 offices, STV is a leader in providing construction management, engineering, architectural, planning and environmental services for transportation systems, infrastructure, buildings and other facilities. STV is 100 percent employee-owned and maintains a web site at www.stvinc.com.
