## **FOR IMMEDIATE RELEASE**

### **MARTIN BOYLE NAMED SENIOR VICE PRESIDENT AT STV**

CHARLOTTE, NC, February 4, 2010 – Martin F. Boyle was recently promoted to senior vice president at STV. He will serve as the manager of STV’s national transportation practices in the Transportation and Infrastructure Division. In this role, Boyle works with the firm’s national transit managers to continue building successful relationships in the transit market and expanding into additional market sectors.

Boyle has more than 40 years of experience in the design, construction and maintenance of electrified vehicles and transit systems. Prior to joining STV in 2000, Boyle held positions with various transportation agencies including the Massachusetts Bay Transportation Authority, the Bi-State Development Agency, and Central Florida Regional Transit.

For the past three years, Boyle has led STV’s systems practice. He was the construction manager for systems for the recently completed Charlotte Area Transit System South Corridor light rail transit project, and served as systems manager for STV’s project management support of Houston METRORail’s light rail transit system.

Boyle resides in Charlotte, NC.

With more than 1,700 employees in 34 offices, STV is a leader in providing planning, engineering, architectural, construction management, and environmental services for transportation systems, infrastructure, buildings and other facilities. *Engineering News-Record* ranked STV fifth in its Top 20 Mass Transit and Rail firms survey and 11<sup>th</sup> in its Top 20 Transportation firms survey. STV is 100 percent employee-owned and maintains a web site at [www.stvinc.com](http://www.stvinc.com).
