## **FOR IMMEDIATE RELEASE**

### **MILO E. RIVERSO JOINS STV AS SENIOR VICE PRESIDENT**

NEW YORK, April 5, 2005 – Milo E. Rivero, Ph.D., P.E. has joined STV as senior vice president of STV Construction, Inc., a subsidiary of STV Incorporated. In this role, Rivero is responsible for the management, business development and operations of that subsidiary. STV Construction provides construction management services for public facilities, including offices, schools, government and transportation buildings, as well as private institutions, such as pharmaceuticals, manufacturing and universities.

Noted Michael S. Della Rocca, P.E., STV president, “STV Construction manages projects whose construction costs range from \$100,000 to hundreds of millions of dollars nationwide. Milo brings extensive experience in facilities construction, which enhances the firm’s diverse CM services for its private and public sector clients.”

Rivero has more than 20 years of experience in the field of construction management and construction supervision. He was formerly the president and chief executive officer of the New York City School Construction Authority. At the NYC SCA he supervised the agency’s staff of 900 employees who were responsible for the planning, design and construction of capital improvement and new construction of New York City’s 1,199 public schools, which serve more than one million students. During Rivero’s tenure, the agency designed and built new schools and additions in record time, completing traditional constructed buildings within two years, and modular structures within one year. Prior to joining STV, he was a senior vice president and head of the northeast territory of the

Construction Division of AMEC, supervising such projects as the expansion of New York City's Museum of Modern Art and the renovations to the New York Stock Exchange.

Rivero has his bachelor's degree in civil engineering from Manhattan College, and master's and doctorate degrees from Purdue University. He is a registered professional engineer in New York, New Jersey and Connecticut. He is a member of numerous professional organizations such as the American Society of Civil Engineers, American Association of Cost Engineers, the Design-Build Institute of America, the Project Management Institute, and the Urban Land Institute.

Rivero resides in Scarsdale, NY.

STV is a national leader in the construction management, planning and design of infrastructure, transportation systems and facilities. The firm is currently providing construction management services for renovations at three campuses at City University of New York's Hunter College and for renovations to the Queens Borough Hall in Queens, NY. STV is an employee-owned firm with more than 1,200 employees. For more information, see STV's web site at [www.stvinc.com](http://www.stvinc.com).
