Old Chapel Restoration at the University of Massachusetts, Amherst, MA

STV is a leading, award-winning professional firm providing program and construction management, planning, engineering, architecture and environmental services for large-scale programs and community projects. It is our mission to perform our services with integrity, vision, innovation, quality and environmental sensitivity.

Our program and construction management team understands that every dollar invested in capital projects on our clients' campuses is an investment in their future. Our professional staff works alongside our clients to deliver high-quality, cost-effective projects while minimizing disruption to campus life. We foster relationships with clients to help them meet their long-term goals.

STV has received many prestigious awards for successfully completed projects and ranks among the top construction management firms in Building Design + Construction's Giants 300 survey.
